

SERVICES WE OFFER

AKBAR HAMEED & SONS providing the solution of high cost electricity for your industry for the frequently use of high pressure boiler.

We Offer you 01MW to 30MW complete power house with extracted steam for process house of your industry.

We Specialist in.

- High & Low Pressure Boiler (Baggase Fired, Biomass, Oil Fired, and gas fired)
- Steam Turbines
- Package Type Fire Tube Boiler
- Combination Boiler (Water tube cum fire tube Boiler)
- Waste Heat Recovery Boiler

ENGINEERING CAPABILITIES

AH&S Engineering having versatile experience, has served almost every industrial sector in Pakistan and has worked with all renowned names in Pakistan. We are serving in following sectors;

SUGAR SECTOR

- HP & LP Boilers (10tph to 150tph)
- Steam Turbines
- Power Plant (EPC Basis)
- Complete Design of Plant
- All Kind of Machinery and Equipment
- All Kind Of Steel Structure
- Heat Exchangers
- Sugar Plant Machinery
- Pre-Engineered / Pre-Fabricated Structure
- EOT Cranes

CEMENT SECTOR

- Power Plant (EPC Basis)
- WHR Boilers
- All Kind Of Steel Structure
- Heat Exchangers
- Storage Tanks
- Coal Storage Shed
- All kind of Silos
- Pre-Engineered / Pre-Fabricated Structure
- EOT Cranes

POWER SECTOR

- Solid Fuel Power Plant
- Gas Fired Power Plant
- Waste Heat Power Plant

OIL & GAS SECTOR

- Storage Tanks
- Pipe Line network
- Pre-Engineered / Pre-Fabricated Structure
- Skids and Pressure Vessels
